Lusterclean ALK 2L

Lusterclean ALK 2L provides superior performance as an immersion solvent cleaner. It is environmentally friendly with a low vapor pressure and high point. Product is highly effective in cleaning a variety of baked on soils and grease on ferrous metals. It is most effective in removing carbon deposits from steel and cast-iron engine blocks.

Features & Benefits

100% active	Lower inventory footprint
Effective at low temperature	Save energy; lower cost process
Use at high temperature	Faster action; higher productivity

Physical Data

Specific gravity	8.94
Solubility in water	Partial
Appearance and odor	Pale yellow, fruity odor
pH (conc.)	2.15

Typical Applications

- Core preparation for remanufacturing of engine blocks, heavy duty equipment, and transmissions
- Removing rust from cast, ductile, and malleable iron.
- Durable goods manufacturing, automotive, and aerospace
- Removing light to heavy rust from fabricated metal parts

Operating Conditions

Use	100% concentration
Immersion temperature	150°F (140°F – 160°F)

Waste Disposal

Discharge rinse waters and spent solutions to a permitted disposal system. In order to be

completely informed on the latest regulations for your area, please contact the local authorities.

Caution

Lusterclean ALK 2L is an alkaline product and should be handled accordingly. Avoid skin and
eye contact. Wear protective clothing, goggles and gloves. Flush exposed areas immediately with
clean cold water. Contact a doctor promptly in case of injury. Consult SDS for details.
